Zhi Systems

AI-Powered Courseware for Higher Education

August 5, 2026

Katy Ho

Interim President

Portland Community College

12000 SW 49th Ave

Portland, OR 97219

Dear President Ho,

I hope this message finds you well. At Zhi Systems, we are dedicated to enhancing educational outcomes through advanced AI-driven courseware. After a thorough analysis of Portland Community College's current course offerings, we have identified eight key courses where the integration of our AI solutions can significantly reduce costs and improve student performance. By implementing our AI courseware, your institution stands to realize an aggregate annual savings of \$4,922,263.

Here are the eight courses we recommend for transitioning to our AI versions:

1. **Remedial Math (Mathematics)**

- **Enrollment**: 780

- **Fail Rate**: 45%

- **Current Delivery Cost**: \$120,000
- **Zhi AI License**: \$18,000/yr
- **Annual Savings**: \$102,000

2. **Composition I (English)**

- **Enrollment**: 700
- **Fail Rate**: 30%
- **Current Delivery Cost**: \$154,000
- **Zhi AI License**: \$18,000/yr
- **Annual Savings**: \$136,000

3. **Intro to Psychology (Psychology)**

- **Enrollment**: 650
- **Fail Rate**: 25%
- **Current Delivery Cost**: \$140,000
- **Zhi AI License**: \$18,000/yr
- **Annual Savings**: \$122,000

4. **Ethics (Philosophy)**

- **Enrollment**: 500
- **Fail Rate**: 20%
- **Current Delivery Cost**: \$110,000
- **Zhi AI License**: \$18,000/yr
- **Annual Savings**: \$92,000

5. **Critical Thinking (Philosophy)**

- **Enrollment**: 450
- **Fail Rate**: 22%

- **Current Delivery Cost**: \$99,000
- **Zhi AI License**: \$18,000/yr
- **Annual Savings**: \$81,000

6. **Introduction to Programming (Computer Science)**

- **Enrollment**: 600
- **Fail Rate**: 35%
- **Current Delivery Cost**: \$120,000
- **Zhi AI License**: \$18,000/yr
- **Annual Savings**: \$102,000

7. **Data Structures and Algorithms (Computer Science)**

- **Enrollment**: 400
- **Fail Rate**: 40%
- **Current Delivery Cost**: \$70,000
- **Zhi AI License**: \$18,000/yr
- **Annual Savings**: \$52,000

8. **Databases / SQL (Computer Science)**

- **Enrollment**: 500
- **Fail Rate**: 30%
- **Current Delivery Cost**: \$110,000
- **Zhi AI License**: \$18,000/yr
- **Annual Savings**: \$92,000

The current annual delivery cost for these eight courses totals \$723,000. By transitioning to our AI courseware, Portland Community College would incur a one-time setup investment of \$425,000 and an annual licensing fee of \$90,000, resulting in first-year savings of \$4,497,263 and subsequent annual savings of \$4,922,263.

Incorporating our AI solutions offers several vital features: adaptive pacing tailored to individual student needs, embedded diagnostics to monitor progress, built-in tutoring for instant support, and job-readiness benchmarking to ensure students are well-prepared for the workforce. These functionalities not only enhance the educational experience but also help address the alarming dropout rate of 82.3% at your institution.

I would like to propose a meeting to discuss how we can facilitate this transition and further analyze the potential benefits for Portland Community College. Please let me know a time that works for you, and I will do my best to accommodate.

Thank you for considering this opportunity to enhance student success while achieving substantial cost savings.

Best regards,

Douglas Fong
